Major Field of Study: _____

Classification (check one): Freshman Sophomore Junior Senior Graduate Student Other

Hours Earned: _____ Cumulative GPA: _____

Questions Regarding Writing

1) Please list three courses (first and second language) in which you have done a great deal of writing and the grade you received.

2) Please name two faculty members who could speak to your writing abilities (in both languages) and interpersonal skills.

3) What do you regard as your strongest academic areas? What do you see as your weakest areas, or those in which you are least interested? Why?

4) How many hours per week would you be available to work in the Writing Center? Please see the Center's website for open hours.

5) Do you anticipate being away from the campus in the next few terms for a Study Abroad experience or another absence? If so, please state terms and reasons, even if only tentative at this point.

6) Comment on any experience that you think might be relevant to your qualifications as a tutor.

7) What do you think are the most important qualities needed to be a good writing tutor?

8) ***On a separate piece of paper***, please write two or three paragraphs (***in each language***) about you, your writing, or about the position for which you are applying. If you prefer, you may expand on answers to previous questions.

9) **Attach a copy of 2 papers** (***one in second language if available***) that you've written at Missouri State University, each from a different course, that you think reflect your writing ability. Submit clean copies, if possible; the papers will NOT be returned. Papers may also be submitted via e-mail to the Director.

Thank you for your application! I'll get in touch with you soon to arrange an interview.

Please complete & submit this application to the Writing Center.
